

Program - Sajjad Alt

The community library will house general and special collections. Meeting areas for the public will also be available.

1. The site is located adjacent to and to the south of a decorative arts museum. Parking is provided off the site.
2. The major view is to the South.
3. The lending desk/office is to have visual control of the entry to each of the following spaces: the lobby, the workroom, and the children's reading room.
4. The main entrance door shall face New York Avenue.
5. All spaces shall have a 9 ft ceiling height except the main reading room, which shall have an 18 ft ceiling height.
6. The area of each space shall be within 10% of the required program area.
7. The total corridor area shall not exceed 25% of the total program area.
8. The second floor envelope must be congruent with or wholly contained within the first floor envelope with the exception that doors to the exterior may be recessed for weather protection.
